MINORITY REPORT

There Will Be a Fight In Senate on Statehood Bill.

BY A VOTE OF 6 TO 4

A Favorable Report on the Bill Was Authorized by the Committee on Territories.

Women Suffragists Win Their Point With the Gallant Senator Beveridge.

Washington, Dec. 16.—The senate committee on territories by a vote of 6 to 4 has authorized a favorable report on the statehood bill providing for the admission into the Union of Oklahoma and Indian Territory to become the state of Oklahoma, and of Arizona and New Mexico to become the state of Arizona. The bill is the one originating in the house in the second session of the 58th congress, but has been amended materially by the senate committee. The closeness of the vote practically makes it certain that there will be a minority report. Today Senator Beveridge, chairman of the committee having the bill in charge, submitted the majority report. The opponents of the bill will contest its passage on the floor of the senate. The statehood bill will be the unfinished business of the senate after a vote is had on the Philippine bill.

Nearly all the time since the opening of the present session of congress the senate committee on territories has been at work perfecting the house bill, but it was not until last evening that a vote could be had, the death of Senator Quay, who had fought persistently for admission of each of the four territories as a separate state leaving the committee equally divided. The vacancy was filled yesterday by the appointment of Senator Dick. Those who voted for the bill were Senators Beveridge, Dillingham, Nelson, Dick, Burnham and Kean, all of whom are Republicans. Senator Bard (Rep.) voted against the bill, together with Senators Bate and Newlands, Democrats. The fourth vote against the bill was that of Senator Patterson, who was absent, but recorded as voting. Senator Clarke of Arkansas was absent also.

The most important changes made in the house bill are the insertion of a clause prohibiting traffic in liquor for a period of ten years in that part of the proposed state of Oklahoma now known as Indian Territory, and elimination from the house bill of all provisions with reference to suffrage except the following: "That said state shall never enact any law restricting or abridging the right of suffrage on account of race, color or previous condition of servitude." As passed by the house the bill contained exceptions, but also specifically permitted the proposed states, if they so desired, to abridge suffrage on account of sex. The provision as to sex caused so many protests from women suffragists that the committee struck out the provision on this subject, thus leaving no reference whatsoever in the bill that might indicate an opinion of any sort on the question of female suffrage.

Arizona Don't Like It.

Phoenix, Ariz., Dec. 16.—News that the joint statehood bill had been favorably reported in the senate caused excitement in this city. The Maricopa county board of trade passed resolutions of protest which were telegraphed to Washington. Communication was established with all organized municipal and commercial bodies in the territory asking them to make similar protests. Other messages were sent to the chambers of commerce of Los Angeles and San Francisco, appealing for their support in the effort to defeat the bill.

OBSTRUCTIVE TACTICS

Democrats Retard Legislation in the House.

Washington, Dec. 16.—Discussion of the bill "to improve currency conditions" was resumed in the house, but throughout the session its advancement was beset with obstructive tactics by the Democrats, led by Mr. Williams of Mississippi, the minority leader. The Democrats mustered sufficient strength to force Speaker Cannon to break a tie in order that the bill might be taken up, the Democrats assuming their attitude of antagonism because Mr. Hill (Conn.), in charge of the bill, refused to postpone its further consideration in consequence of the illness of Mr. Bartlett (Ga.), leader of the opposition. The house made little progress on the measure.

The senate spent practically the entire day yesterday discussing the Philippine administrative bill. Under unanimous agreement the vote on the bill will be taken up late today and the disposal of all amendments will occur at the same time. A formal order to enter on the Swayne impeachment proceedings was adopted, but it did not fix a day for beginning the work.

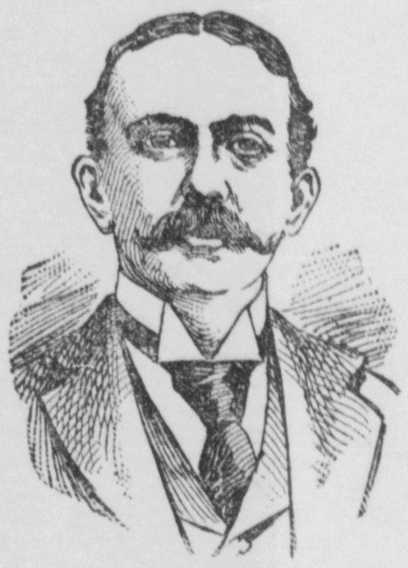
New York, Dec. 16.—Philip Weinseimer, former president of the Building Trades Alliance, who has been in the Tombs since Oct. 15 last, under sentence to Sing Sing for extortion, has been released in $10,000 cash bail.

SUCCEEDS HANNA

August Belmont Elected President of National Civic Federation.

New York, Dec. 16.—August Belmont was last night elected president of the National Civic Federation to succeed the late senator M. A. Hanna. The election took place at the dinner of the National Civic Federation which was held at the Park Avenue hotel.

Yesterday a committee composed of Archbishop Ireland, John Mitchell, and Franklin MacVeagh was appointed by the executive committee of the federation, which is holding its annual meeting here, to select a president and the choice fell upon Mr. Belmont. The committee reported its choice last night and Mr. Belmont was elected.



AUGUST BELMONT.

The other officers chosen were: First vice president, Samuel Gompers; second vice president, Oscar S. Strauss; chairman of the ways and means committee, Henry Phipps; treasurer, Charles A. Moore; chairman welfare department, H. H. Vreeland; chairman trade agreement committee, Francis L. Robbins and John Mitchell; chairman executive council, Ralph M. Easley; secretary, Samuel B. Donnelly.

The dinner was attended by 270 members of the federation. Samuel Gompers acted as toastmaster. When the speakers mentioned the name of the late president of the Civic Federation, Senator Hanna, there was much applause. Cheers were also given for the president of the United States. When Mr. Gompers announced that Andrew Carnegie's indisposition kept him away and wished for a speedy recovery and improved health for the iron master, there was much applause. Mr. Carnegie's address was read by Ralph M. Easley.

Couldn't Evade the Law.

New York, Dec. 16.—After boasting for years that he would never serve sentence, Lawrence Summerfield, one of the best-known confidence men in this country, and also well known in Europe, has gone to Sing Sing prison to begin a sentence of not less than four years nor more than seven years and six months. He made the trip to this city handcuffed to Frank Richards, a convicted burglar. Summerfield was convicted of swindling in connection with a copper mining company. He appealed his case from court to court until the court of appeals this week confirmed the conviction.

Woman's Deed Justified.

New York, Dec. 16.—A verdict of acquittal was brought in by the jury in the case of Mrs. Rosa Di Pietro, an Italian woman, who was charged with killing her brother-in-law, Michael Hago, some weeks ago, in this city. Mrs. Di Pietro testified that Rago after attempting to force his attentions upon her, which she resisted, attacked her and that she shot him.

Stockholders Favored Merger.

Terre Haute, Ind., Dec. 16.—The stockholders of the St. Louis, Vandalia & Terre Haute railroad company at Greenville, Ill., voted almost unanimously in favor of the merger into the Vandalia Railroad company. The dissenting stockholders of the Terre Haute & Indianapolis company did not interfere with the meeting.

POLICY OF CAUTION

Russian Council Will Not Let Slip the Leash Too Quickly.

QUESTION OF REFORM

Emperor Takes the Matter Up With His Councillors and Will Issue a Manifesto.

The Document Will Outline a Policy of Cautious, Conservative Reform.

St. Petersburg, Dec. 16.—A special council was held last evening at Tsarskoe-Selo under Emperor Nicholas, at which President of the Ministerial Council Witte, Minister of the Interior Sviatopolk-Mirsky, and Minister of Justice Muravieff discussed the question of reform. It is understood that the emperor advised with them on the subject of a manifesto which will be published on Dec. 19, on the occasion of his majesty's name day. This document, it is believed, outlines a policy of cautious, conservative reform.

The St. Petersburg Douma has unanimously adopted a resolution similar to that adopted by the Moscow city council on Dec. 13, in favor of freedom of speech, press and domicile and asking for the abolition of restrictive laws. The Douma's voters included many senators, general and privy councillors, editors and lawyers.

Students are distributing a call for a meeting in front of the Kzan cathedral on Dec. 19. Announcement is expected shortly of mobilization of the reserves in many provinces on Dec. 20.

Japs Court Death.

Tokio, Dec. 16.—The partly successful torpedo attack on the Russian warship Sevastopol at Port Arthur was made in the face of almost insurmountable obstacles, and records another inspiring story of the splendid bravery of a number of officers. The entire crews of the torpedo boat destroyers and torpedo boats volunteered for the attack, courting death in their efforts to destroy the only floating Russian battleship at Port Arthur. The report of the commander of the third Japanese squadron said: "The Sevastopol had commenced lowering astern and the water was said to reach the lower torpedo tubes astern."

Baltic Squadron's Progress.

Jibutil, French Somaliland, Dec. 16.—The vessels of the Russian second Pacific squadron, which had been coaling here, have sailed.

TOO MUCH ACTIVITY

Was Displayed by These Rural Mail Carriers.

Washington, Dec. 16.—As the result of an investigation of their activity during the recent political campaign, Warren E. Tumber, a rural mail carrier at Lockport, N. Y., and H. W. Aldrich, a rural carrier of Concord, N. H., both officials of the National Association of Rural Free Delivery Carriers, have been removed forthwith from the government's service by Postmaster General Wynne. Tumber is secretary of the national association of the carriers and he and Aldrich are members of the executive board. The charges, the investigation of which by postoffice inspectors are said in yesterday's action, were that the dismissed men sent out circular letters during the last campaign to candidates for congress, urging legislation in the interests of the carriers and demanding that the men to whom the letters were addressed pledge themselves to vote for such legislation. President Cunningham, who was dismissed Tuesday, and Secretary Tumber, according to the postal authorities, framed the circular and Tumber signed it as secretary and issued it. Aldrich was one of the executive committee who agreed on the work which was subsequently carried out. A number of the letters sent out are in the possession of the postoffice department. In one of the papers on file is the expression: "We must look out for ourselves and help the fellows that help us."

Divorced Wife's Pathetic Position.

Dresden, Dec. 16. — The divorced wife of the King of Saxony, now known as Countess Montignoso, is reported to have sent a request to the king that she be allowed to give Christmas presents to her five children, including the crown prince. The permission has not yet been granted nor is there the slightest probability of acquiescence. The appeal of postcard vendors against the police orders forbidding the display of Countess Montignoso's picture has been denied by the Dresden prefecture.

In German Southwest Africa.

Berlin, Dec. 16.—Lieutenant General Von Trotha, commander-in-chief of the German forces in German Southwest Africa, telegraphing from Windhoek, says fifty or sixty dead Hottentots were found on the field after the natives' fight with Colonel Deimling's force Dec. 5. The latter captured 3,000 head of cattle. Thirty-six settlers have been murdered by Witbois in the southern part of the colony since the rising and five settlers are missing.

TO CONFINE EXPENSES

Republicans Will Admit No Reckless Legislation.

Indianapolis, Dec. 16.—A few signs are already appearing on the horizon that some of the bills for large appropriations at the coming session of the legislature will have rough sledding. Many of the party leaders in the Republican ranks have worried lest there should be a veritable raid on the state treasury that could not be checked, but it seems that considerable advance work is being done for the purpose of throwing cold water on the bills. It is intimated that the legislative visitation committee will recommend an appropriation for a hospital for the epileptics, but will say that the time is not ripe for a state institution for consumptives. The State Association of Health Officers now in session wants an appropriation for a 500-acre farm and suitable buildings for treatment of consumptives, and there is a considerable sentiment in favor of the project, but it does not seem probable that there will be an appropriation for an epileptic village and a consumptives' farm. Of course there is no telling what will be done with the appropriation bills, but it looks as if some of the Republican leaders are going to stand pat against the threatened raid on the treasury.

The arrangements for the inauguration of J. Frank Hanly as governor are now under way. Governor Durbin is chairman of the committee in charge and Colonel George B. Lockwood is secretary. The other members are Secretary of State Storms and Auditor Sherrick. Judge J. V. Hadley will be chief justice of the supreme court at the time of the inauguration and will administer the oath of office. Union Banner Hunt of Winchester, who is to be private secretary to the new governor, was here today. He said that Mr. Hanly has not commenced his inaugural address. It will contain a number of recommendations to the legislautre in a general way. Mr. Hanly, he says, will not have a separate message to the legislature. He will not begin preparation of his address until after Christmas. His daughter will be married Monday at their home in Lafayette.

It is expected generally that Julian D. Hogate of Danville will be elected secretary of the state senate, but his opponents have by no means given up the fight. G. D. Heilman of Evansville, secretary of the Lincoln League of Indiana, one of his rivals, who was here today, declared confidently that he will win out. Heilman was assistant clerk of the house two years ago and has a large acquaintance among politicians. Charles Lohman of this city, another candidate, expressed the opinion that he is in position to win, but those who are well posted believe that Hogate has the place nailed down. Hogate is editor of a Republican paper at Danville, a member of the executive committee of the Republican Editors' association and member of the state committee from the Fifth district.

The legislative visitation committee consisting of Senator Fremont Goodwine of Williamsport, Sidney Cantwell of Hartford City, and Thomas Honan of Seymour, will finish its tour of inspection of the state institutions at the central hospital for the insane tomorrow or next day. It spent today going through the statehouse and getting a statement of the needs of the various officials. It is probable that a number of officials will ask for an increase in salary for their deputies and for much new furniture. The visitation committee has not started to prepare its report and probably will not until after the holidays. It is understood that it will cut down some of the requests for appropriations made by the superintendents of the various institutions.

Prohibitionists Demand a Sacrifice.

Chicago, Dec. 16.—After an all-day session of the Prohibition national executive committee, where heated debate varied from personal invective and villification of motive to a demand for prayer for guidance, National Chairman Oliver W. Stewart of Chicago was at midnight deemed a necessary sacrifice to party harmony and his resignation was practically demanded by a vote of 24 to 20 of the members of the national committee.

Two Feudists Slain.

Covington, Ga., Dec. 16.—At Hardys Crossroads in Jasper county J. M. Parker was shot and killed by Jesse Hodges. Joseph Parker, aged eighteen, Parker's son, secured his father's pistol and sent two bullets through the body of Hodges. Hodges' wounds are pronounced mortal, though he is still alive. The trouble grew out of an old feud.

Ames Finally Freed.

Minneapolis, Dec. 16.—Dr. A. A. Ames, former mayor of Minneapolis, is now a free man. Judge Elliott of the district bench granted the motion of W. A. Kerr, special county attorney, that all the indictments for bribery and corruption against the much-tried mayor be dismissed.

Mexico's Neat Surplus.

Mexico City, Dec. 16.—Finance Minister Limantour's budget for the ensuing fiscal year estimates the revenue at $88,104,000 and expenses at $85,474,000. The previous fiscal year showed the largest surplus on record, over ten million dollars.

Havana, Dec. 16.—The new issue of $1,000,000 of stock of the Banco Nacional de Cuba has been largely oversubscribed. The bank has just declared a semi-annual dividend of four per cent.

BECKWITH'S PLEA

Aged Banker Begs Mrs. Chadwick for a Help Out.

Cleveland, Ohio, Dec. 16.—The present program of the federal authorities is to have Mrs. Chadwick arraigned in the United States district court before Judge Wing on Monday next. She will be asked to plead to the indictments, and will be given a chance to furnish bail if she is able to do so. If her health is not such as to render the arraignment advisable it will be postponed.

Bankers Beckwith and Spear may be arraigned at the same time, but this has not yet been definitely decided upon.

President Beckwith of Oberlin called upon Mrs. Chadwick at the jail last evening and earnestly advised her to tell all she knew about her various financial transactions.

"I have stood by you to my last dollar," said Beckwith, "and now I think it is time for you to consider me."

Mrs. Chadwick made no reply to this and Beckwith asked: "Why do you change lawyers so often? You know I have always told you to get one good man and keep him."

Mrs. Chadwick replied that she had reasons for changing.

"Have you heard from Judge Olcott of New York?" asked Beckwith.

"Not since leaving New York," replied Mrs. Chadwick. "Why did you ask?" she added.

Beckwith did not answer her question, but repeated his request that Mrs. Chadwick should consider the welfare of those who had stood by her and tell everything connected with her financial transactions. She would not agree to do this and Beckwith, after shaking hands with her, left the jail.

Wants to Save a Million.

Washington, Dec. 16. — President Roosevelt's recommendation to congress in his message that extravagance in public printing be eliminated, so far as possible, was the subject of a conference between the president and Representative Charles B. Landis of the house committee on printing. Mr. Landis told the president he was convinced that an immense amount of wholly unnecessary printing was done by the government, and his committee would undertake to reduce this amount to a minimum. Mr. Landis said he believed it would be possible without impairing the efficiency of the government service to reduce the cost of government printing by at least a million dollars annually and perhaps by much more than that amount.

Girl's Betrayer Slain.

Ardmore, I. T., Dec. 16.—W. S. Halley was arrested here charged with the murder of Albert Cook, a prominent young man of Woodville, who was found dead recently near Soldier Creek, having been shot through the back. At the examination it was shown that Cook had betrayed the eighteen-year-old daughter of Halley. The girl and her father were held without bail. The prosecution maintained that Cook was enticed to a lonely place to keep an appointment with Miss Halley, that he might be killed.

The Start

In married life is generally made on an equal footing of health in man and wife. But how soon, in many cases, the wife loses the start and fades in face and fails in flesh, while her husband grows even more rugged and robust.

There is one chief cause for this wifely failure and that is, the failure of the womanly health. When there is irregularity or an unhealthy drain, inflammation, ulceration or female weakness, the general health is soon impaired.

Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, dries unhealthy drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

The Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

FRIDAY, DECEMBER 1, 1904,

IT begins to look like Julian D Hogate, of the Danville Republican, had the inside track for secretary of the State Senate. And bestowing such honors on representatives of the county press is not at all out of place.

IT seems probable that the custom any Republican love feast at Indianapolis will not be held this year. The meeting of the legislature and the election of two United States senators will bring the party leaders together anyway.

THE Cincinnati Enquirer in a pointed editorial serves notice on the Democratic party that it will never again follow the lead of Bryan or support those principles that have been rejected by the people in three successive campaigns. Then where can the Enquirer go and still be Democratic?

Defendant Won.

The suit of the Plano Manufacturing Company, against Jos. L. Miller, on note, was tried before Special Judge O. H. Montgomery and a jury. The verdict was for the defendant. Miller bought a binder of the Plano people and declined to pay for it because it was not made to work satisfactorily. The company brought suit to enforce payment.

Compromised.

The damage case of Hunsucker against the B. & O. S-W. railway has been compromised for $2 000 Hunsucker was given judgment for $3,000, but the case was reversed in the appellate court and was back for a new trial when compromised.

Rumor Denied.

Since the fatal wreck just north of Columbus a rumor started that the Pennsylvania Company had offered to the widow of Engineer Samuel Crowe $7,000 as compensation for the death of her husband. Mrs. Crowe says no offer has been made though an agent of the company had called on her but she declined to discuss the matter so soon after his death.

Taken North.

Sheriff Ford took Jacob Conrad to Michigan City today to serve his sentence for manslaughter, Mrs. Conrad and four children were with him, but stopped off at Columbus where they will make their home.

TOWNSHIP ORDERS.

Not Good if Law is Not Followed By Trustee.

The Supreme Court holds that a township trustee must comply with the law authorizing him to issue a warrant for a debt of the township before the warrant is issued and that it is not sufficient to obtain afterward the approval of officers from whom authority should have been first obtained.

It declared that everybody dealing with a township trustee is bound to take notice of his limited powers and can not enforce payment of warrant of the township which he issues without authority.

A warrant for $425 issued by a trustee in Martin county, for materials used in building a schoolhouse was held invalid. The Circuit Court and the Appellate Court had both decided the warrant was valid on the ground that it was approved after the trustee issued it, but the Supreme Court set their decision aside

Delineator For January.

The Delineator for January is an altogether excellent number. The regular fashion display is supplemented by a strikingly illustrated article on "The Stage as a School of Costume," showing the close relations that exist between the theatre and the world of style. Herbert D. Ward and Seumas MacManus contribute stories of rare charm, and under the pseudonym "Marie Columbia" a very clever writer describes the "smart set" in Washington society. "Jesus, Lover of My Soul" is the first paper in a series, by Allan Sutherland giving the history and romance of the famous hymus of the world. For children there is a wealth of interesting matter, the names of L. Frank Baum and Grace MacGowan Cooke being prominent among the contributors. Among the domestic topics, in addition to the regular features, is the first paper of "The Making of a Housewife," by Isabel Gordon Curtis. A new department, "Good Looks," supplements a series of papers on similar lines that appear during the past year.

Complimentary.

In a press report of the annual Christmas recital of the musical department of Wilson College Chambersburg, Pa, the following mention is made of Miss Madge Montgomery, of this city, who is a student there and had part in the program: "Among others who played was Miss Madge Montgomery who performed a "Gavotte" by Jeffery. Miss Montgomery's playing was marked by clearness of execution, taste, skill, excellent touch and above all an appreciation of the music which the selection contained. Her appearance is all the more creditable since she is a regular student in the classical course, class of 1908."

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by W. F. Peter Drug Co.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

STATE GRANGE.

Discusses Some Economic Questions At Annual Meeting.

The annual meeting of the Indiana State Grange is in session at Marion this week. The attendance is reported as the largest and most interesting of the thirtyfour annual meetings held by the society.

Some economic questions in which the farmers are especially interested are being discussed. Co-operation has always been urged by the Grange and this year some reports showed that this theory had been put to test by a limited number of farmers.

L. S. Fitch, chairman of the State executive committee' read a paper on the buying of binder twine used for harvesting. He said; "We bought 11,750 pounds of twine last harvest at a price lower than most dealers were able to get on account of the amount bought. We furnished twine to members of the society for 1 and 2 cents a pound less than wholesale price."

Thomas H. Wattington talked on co-operation in the fertilizer trade. He said; "As the committee in charge of the fertilizer trade I am pleased to report that the trade has increased 10 percent this year over last years trade. I estimate a saving of $5 a ton to persons buying fertilizer through our contract. I believe it will be to the interest of all members who live in localities where commercial fertilizer can be used to an advantage to investigate our trade arrangements.

Aaron Jones, master of the Indiana State Grange, in his annual address recommended the following State legislation; An anti trust law and provisions for State inspection of all corporations; a law on taxation that will compel all property to bear its just proportion of taxation; a pure food law; a law empowering a state railway commission to fix a maximum rate for freight and passenger service on all railways subject to it jurisdiction such a revision of the fees and salaries as will place them on an equitable basis.

CASTLE HALL HERMION LODGE NO. 44 K. OF P.

Alfred W. Mills is dead. His voice is forever silent. His tongue is forever stilled. The All Wise Creator has seen fit to summons him to appear before the Supreme Chancellor Commander to answer the last call. His work on earth is done and he rests in peace. During life he was always bussy. Fairness and impartiality in his dealings with his fellow man were his cardinal principles. He was ever ready and willing to extend a helping hand to those in need. Many are the homes that have been made comfortable by his liberal gifts. His many generous acts bespeak for him a heart imbued with Friendship, Charity and Benevolence. Therefore be it,

Resolved, That by the death of Brother Alfred W. Mills, our lodge has lost a worthy member and our community a valuable and enterprising citizen. That we extend to his family our sincere and heartfelt sympathy in this the time of their sorrow. That a copy of these resolutions be sent to them and a copy be published in each of the local papers.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N. Y., strongly advises all suffering women to rely, as she did, upon **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but, finding that their medicine did not seem to cure me, I tried your **Vegetable Compound** on the recommendation of a friend from the East who was visiting me.

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put away all other medicines and to take **Lydia E. Pinkham's Vegetable Compound."**—MISS NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y.

Miss Irene Crosby, prominent in Social Life in East Savanah, Ga., adds her testimonial to the value of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—"It always gives me pleasure to find an article of real value and unquestioned merit. I have found **Lydia E. Pinkham's Vegetable Compound** well calculated to relieve and cure the various troubles arising from irregularities and menstrual pains.

"Much suffering could be spared if we only paid more attention to proper living and diet, but as long as women do not do this, your **Vegetable Compound** has come to the front as a true friend in need. I have been very pleased indeed with the relief it has brought me. I find that I have perfect health now, and that my mind is also more clear and active since I used your **Vegetable Compound.** It has been of great benefit to me, and I gladly recommend it. Very sincerely yours, MISS IRENE CROSBY, 313 East Charlton St., East Savannah, Ga."

Remember that every woman is cordially invited to write to Mrs. Pinkham if there is anything about her case or symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass. Her advice is free, and is cheerfully given to any ailing woman who asks for it.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

CLERKS ANXIOUS

They Want the Legislature to Fix Time of Entering on Office.

A CONFUSED CONDITION

Out of a Plenitude of Legislation There Has Arisen a Situation Calling For Correction.

County Clerks Will Ask That Law Shall Provide For Terms Beginning Jan. 1.

Indianapolis, Dec. 16.—Clerks of the circuit courts of Indiana are preparing a bill for introduction in the next general assembly, providing that the terms of clerks shall begin on Jan. 1, immediately following the expiration of the terms of their predecessors. This bill will be drawn after the pattern of the act of 1897 providing that county treasurers shall take office on Jan. 1. The 1897 act, it is said at the attorney general's office, was sustained by the supreme court. The act of 1903, which was intended to make the terms of all county officers begin Jan. 1, was overthrown by the supreme court. This act sought, among other things, to prevent a long period between election and taking office, and differed in other particulars from the act of 1897, which set a time for the terms of all treasurers to begin. The law now proposed by the clerks would give some of them a few months in addition to the term for which they were elected.

MUST GET APPROVAL FIRST

Supreme Court Decision on Trustee's Issuing of Township Warrants.

Indianapolis, Dec. 16.—The supreme court holds that a township trustee must comply with the law authorizing him to issue a warrant for a debt of the township before the warrant is issued and that it is not sufficient to obtain afterward the approval of officers from whom authority should have been first obtained. It declared that everybody dealing with a township trustee is bound to take notice of his limited powers and cannot enforce payment of warrants of the township which he issues without authority. A warrant for $425 issued by the trustee of Michelltree school township in Martin county, for materials used in building a schoolhouse was held invalid. The circuit court and the appellate court had both decided the warrant was valid on the ground that it was approved after the trustee issued it, but the supreme court set their decision aside.

Costly Blaze at Goshen.

Goshen, Ind., Dec. 16.—The Hawks Hardware company, wholesale and retail, together with those of the Hawks Electric company, burned, causing a loss of $30,000. Explosions of gunpowder shook the city and wrecked many windows. Thousands of loaded cartridges, with several barrels of benzine, exploded while the fire was raging.

Cold Reduces Gas Pressure.

Elwood, Ind., Dec. 16.—The cold wave has made the natural gas supply insufficient for wants of patrons, and coal dealers are overcrowded with orders for temporary substitutes. Water freezing in the mains is reported by the company as partly responsible for the falling off, and gangs of men are at work thawing out the pipes.

Danville, Ind., Dec. 16.—Eugene Riley, five years old, was kicked by a horse and hurled twenty feet distant. Recovery is not expected.

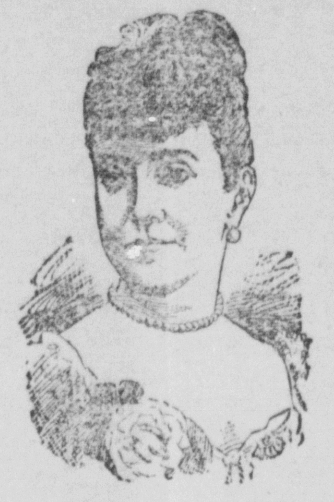
PATTI'S FAREWELL

Great Singer Says She Is Through With Concert Stage.

St. Petersburg, Dec. 15.—Mme. Adelini Patti gave a concert here last night for the benefit of the Red Cross society under the auspices of the Grand Duchess Maria Pavlovna. The concert was a brilliant success, netting over $37,000. Seats were sold at fabulous prices. Emperor Nicholas, members of the imperial family and all the wealth and rank of the Russian capital were present. Mme. Patti received a wonderful ovation and at the conclusion of the concert announced that this was her final farewell to the concert stage, adding that as her first success was achieved in St. Petersburg, it was fitting that she should close her public career here.



MME. ADELINA PATTI.

Two Sides to It.

Lafayette, Ind., Dec. 16.—There is a fight here against the adoption of a special charter for the city, and well-known Democrats and Republicans are arrayed on both sides. The question is now being investigated by a committee of thirteen citizens, and much depends upon the recommendation of this committee.

Burial Was Postponed.

Danville, Ind., Dec. 16.—While friends were taking a last view of the body of John Reeder, a farmer, found at Blount, apparently dead, evidences of life were discovered and the burial was postponed. The coroner had passed on the case, returning a verdict of death from heart trouble. Reeder is an epileptic.

He Knows Now.

Fort Wayne, Ind., Dec. 16.—Charles Farrah, waiter in a restaurant, eighteen years old, made a wager that gasoline was only dangerous when confined, and he set about making a practical demonstration. Pouring gasoline over his hands, he struck a match. He is now in the hospital.

Little Girl Burned to Death.

Petersburg, Ind., Dec. 16.—The five-year-old daughter of W. H. Ingleman of Jefferson township was accidentally burned to death, her clothes igniting from an open grate.

Wife Arrived Just in Time.

Waveland, Ind., Dec. 16.—Ira Shaffer, twenty-seven years old, employed by George Livings, farmer, attempted suicide by hanging, but he was cut down by his wife in time to save life.

DOING THEIR DUTY.

Scores of Seymour Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this kidneys are sick.

Backache and many ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Seymour people endorse our claim.

James Pollard, of Cincinnati Ave., railroad emplye, says: "For many years off and on suffered from lameness across the loins and sharp twinges of pain in my back every time I made a sudden movement. I could lift nothing of any weight and there was lack of ambition to do anything. At times the pains felt as though some one was plunging a bradawl into me. Any little cold or exposure brought on an attack and caused me acute suffering. I had heard about Doan's Kidney Pills and procured them at C. W. Milhous' drug store. They proved just the remedy I needed and soon relieved me of the whole trouble. My kidneys have been regular and normal every since and I can sleep all night without being disturbed."

Sold by all dealers, price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by A. J.
